NEW FOUND BEAUTY  
AT ROYAL THEATRE

Peggy Hyland, Talented English Actress, in "Saints and Sinners."

Miss Peggy Hyland, the beautiful and talented little English actress, whose recent arrival in America to appear exclusively on the screen under the management of the Famous Players Film Co., has created considerable newspaper comment, makes her debut to the American public in a thrilling picturization of Henry Arthur Jones' noted dramatic success, "Saints and Sinners." This current release on the Paramount program will be shown at the Royal today only.

It is a matter of odd interest that Miss Hyland, who has distinguished herself abroad in the stellar roles of many stage successes, should appear in her first American screen offering in an Englishman's play, and a drama moreover, that won its first success in Europe, repeating its stage triumph later in the United States.

Miss Hyland, in the leading role of Letty Fletcher, the only daughter of the Minister of Steepleford, went with a selected cast of Famous Players, headed by Director Jas. Kirkwood, to the most beautiful sections of Florida for the purpose of filming this superb drama.

When the story opens Letty is a contented little village maid, living with her father and Letty, their housekeeper. She is the life of the little family, and by her innocent pranks keeps the two old folks young. George Kinsmill, a farmer, is vainly calling on Letty for her hand in marriage, to the regret of her father, the Minister. Letty, like most country girls, has a desire to see the city, and is attracted to Captain Fanshawe, a gentleman of worldly experience and questionable reputation. The Rev. Fletcher and George finally persuade her to refrain from meeting the interloper again.

Samuel Hoggard, a wealthy banker and deacon of the Steepleford church, holds the Rev. Fletcher's only investment and livelihood in his hands. Chagrined at the minister's refusal of his crooked demands, Hoggard swears vengeance.

At the annual church picnic, Fanshawe again sneers and invites Letty to accompany him for a row on the river, as he intends to leave the town forever. It becomes very late; Fanshawe offers to take her home by train, which she also consents to. However, the Captain secures tickets for New York, not for Steepleford.

Letty realizes her predicament too late, she is already on her way. Hoggard observes the couple and forms his own opinions.

Immediately upon her arrival, Letty confesses all in a letter to her father. The Minister and the enraged George leave for the city to the aid of the unfortunate girl. Raddies, a relative of Fanshawe's, calls at Letty's room to tell her of the Captain's double life, upsetting all her hopes of redeeming herself. Fortunately she is rescued by her father and the young farmer.

Through the treachery of Hoggard, their only witness, the Minister loses his position at the church. George, after a journey to the West, returns with a fortune and marries Letty. Happiness again reigns supreme when the congregation reinstates their beloved preacher.

NEW IRRIGATION  
PLAN URGED FOR  
U. S. AT EL PASO

EL PASO, Oct. 17.—Judge Will R. King, chief counsel for the United States Reclamation Service, presented a new plan for limited government control of irrigation projects in the west late today, to the international irrigation Congress.

Speaking as a delegate from Oregon and not as an official of the Reclamation Service, Judge King urged his plan to have the government approve of the engineering soundness of a proposed project, guarantee the bonds which would be issued by the irrigation district and then have the water users composing the district organization consent to government control of

How Catarrh is Contracted.  
Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere. (Advertisement.)

the project until a major part of the cost of the project had been collected. The project could then be turned over to the district organization, he said. This, Judge King stated, would permit each district to build its own district without funds being advanced by the United States, the government acting in a protective capacity only.
